Getting Your Wishes From the Sewing Genie

You say you got your genie--er, sewing machine home from the store, and when you let it out of its bottle--er, box, it turned into a nasty afreet instead of a genial genie, and you've been fighting it ever since? If you think you could be getting a lot more out of your sewing machine or serger, you're right! Sue Renhard (Shoshannah il Zahrah of Portland, OR) will show you how a sewing machine or serger makes a stitch and how to maximize any machine's potential by using specialty presser feet. With the right foot you can sew on buttons and jewels, or make a mock French seam on sheers. You will receive a handout discussing needles, thread and presser feet, plus a list of sewing references. Three wishes are just the beginning! The possibilities are endless!

Lavish Effects on a Less-Than-Lavish Budget

Let Sue show you how to add dazzling special effects to your costumes using even the most basic machine. You can do decorative thread bobbin work, freehand embroidery and even sew on beads with your sewing machine. Your serger can do more than sew straight seams--learn about rolled hems, flatlocking and making flexible braid. Learn about making jewelry on either your sewing machine or serger. Learn how "Goodwill hunting" and "yard sailing" can add hidden treasures to your costume closet.

Registration Form -- Mail to: Sue Renhard, 14620 SE Woodland Way, #6, Milwaukie, OR 97267-1340

Classes held at Colton Community Center – 30138 S. Wall St., Colton, OR
